Dear Parents:

Our summer program begins in just a few short weeks! We must finalize plans and complete our volunteer staffing needs right away.

As you know, we need many adults of all ages who love children to volunteer their assistance in order for our activities to be carried out effectively. The Venture Leadership Team the church provides is a tremendous asset, but they cannot carry out the plans alone! Let us list some of the places we need your help. More details are in the Summer Brochure.
